Upper Extremity Rehabilitation*

CURRENT CONCEPTS
IN
HAND SURGERY / HAND THERAPY

PURPOSE:

To provide Occupational and Physical Therapists an opportunity to hear experts in the field of hand surgery and hand therapy, discuss current concepts in management of common upper extremity disorders.

Experts in the field of medical management of upper extremity injuries will help to define the "right way" to assess and treat hand and upper extremity problems.

WHEN AND WHERE

This full, one-day seminar will take place **Friday, April 29, 2005** at the Embassy Suites Hotel at the Biltmore Fashion Square in Phoenix, Arizona. (26th St and Camelback Rd.)

ABOUT THE SPEAKERS

Each speaker is currently very involved and familiar with upper extremity disease and disorders. They represent the most experienced professionals in their respective fields
